

RevITup™ Business Care Quarterly Technology Grant Review for 501(c)3 Nonprofits – Q1 2014

The Launch Pad's [RevITup™ Business Care Nonprofit Series](#) provides complete IT solutions for nonprofit organizations including service protection and proactive monitoring of all key functions on the network, servers and workstations. It is designed to provide your organization with a fixed-cost solution, predictable investment and optimal productivity.

The Launch Pad's Technology Team has been serving the needs of nonprofit and community service organizations since 1992. We offer a broad range of discounted, fixed-fee technology services designed to help nonprofit organizations meet their technology needs within their budget. We also offer a no-cost Technology Road-Mapping Service and offer this RevITup™

Business Care Quarterly Technology Grant Review. For more information, please visit: www.launchpadonline.com.

1. Alfred P Sloan Foundation

<http://www.sloan.org/about-the-foundation/>

The Alfred P. Sloan Foundation believes that a carefully reasoned and systematic understanding of the forces of nature and society, when applied inventively and wisely, can lead to a better world for all. The Foundation makes grants to support original research and broad-based education related to science, technology, and economic performance; and to improve the quality of American life.

2. American Honda Foundation

<http://corporate.honda.com/america/philanthropy.aspx?id=ahf>

The American Honda Foundation engages in grant making that reflects the basic tenets, beliefs and philosophies of Honda companies, which are characterized by the following qualities: imaginative, creative, youthful, forward-thinking, scientific, humanistic and innovative. They support youth education with a specific focus on the STEM (science, technology, engineering and mathematics) subjects in addition to the environment.

3. Council on Foundations

<http://www.cof.org/>

The Council on Foundations is a national nonprofit association of more than 1,700 grant making foundations and corporations. They strive to provide the opportunity, leadership, and tools needed by philanthropic organizations to expand, enhance, and sustain their ability to advance the common good.

4. Melba Bayers Meyer Charitable Trust Grants

<https://www.wellsfargo.com/privatefoundationgrants/meyer2>

The Melba Bayers Meyer Charitable Trust seeks to support organizations supporting religious, charitable, scientific, literary, or educational purposes, or for the prevention of cruelty to children or animals. A special emphasis is placed on programs that support the needs of children, indigent Native Americans, and neglected animals in Pensacola, Florida and Alabama.

5. **The Microsoft Corporation**
<http://www.microsoft.com/about/corporatecitizenship/en-us/nonprofits/>
Offers in-kind support to organizations working to create community-based technology and learning centers in order to bridge the digital divide and eliminate technology illiteracy.
6. **OnebyOne**
<http://onebyone.4imprint.com/default.aspx>
Each business day, through the 4Imprint's *one by one*® program, they donate \$500 in promotional products to an organization that is making a difference in their community. The organizations use promo items to raise awareness, recruit volunteers, thank donors, or offer comfort to those in need.
7. **PNC Foundation Grant**
https://www.pncsites.com/pncfoundation/foundation_grantProcess.html
The PNC Foundation supports a variety of nonprofit organizations with a special emphasis on those that work to achieve sustainability and touch a diverse population, in particular, those that support early childhood education and/or economic development.
8. **Progressive Technology Project**
<http://www.progressivetech.org/>
Progressive Technology Project (PTP) was founded by grassroots organizers to support social change and community-led organizing in low income communities and communities of color. Their mission is to help community-led organizations achieve their goals more effectively and efficiently. Their programs help community organizers build their skills and understanding to integrate technology into the work of the organizations.
9. **SalesForce Foundation Force-for-Change Grants Program**
<http://www.salesforcefoundation.org/force-for-change>
The Force-for-Change grants program is focused on increasing collaboration and efficiencies across the global nonprofit sector. In North America, they fund the development of technology solutions that will help communities more effectively achieve their social change missions.
10. **Tech Soup**
www.techsoup.org
TechSoup.org offers nonprofits a one-stop resource for technology needs by providing free information, resources and support. Nonprofits can access donated and discounted technology products through their product philanthropy service, TechSoup Stock. This requires registration, so sign up now.
11. **ZeroDivide**
<http://www.zerodivide.org/>
ZeroDivide partners with clients—funders, government entities and businesses—to provide mission-driven consulting services to create social change via the power of technology. They collaborate with communities, nonprofits and health-service organizations to innovate the way technology is used to achieve three outcomes—civic engagement, economic opportunity and health.
